

Adrenal Fatigue

-Thyroid Checks Out, But Still Dragging?

Do you have all the symptoms of low thyroid (see my web-site)- low energy, aches all over, cold hands and feet and insomnia. The adrenal gland is often the culprit and when excessive stress, poor diet and little rest occurs, adrenal fatigue becomes a major player. See Larry at Larry's Smithfield Pharmacy or at Larry's Family Pharmacy in Preston or visit our website at www.larryspharmacies.com. We have 2 remarkable adrenal rebuilding products-Super Adrenal Stress Formula and Adrenal Rebuilder (both formulated by the author 'Adrenal Fatigue,' Dr. James Wilson.)
